About Advanced Solutions

Advanced Solutions is an Autodesk Platinum Partner with 2D and 3D design software enterprise integration expertise in architecture, engineering, construction (AEC), infrastructure and advanced manufacturing. As an Autodesk Authorized Training Center (ATC), Advanced Solutions offers a variety of innovative training solutions including our PILOT program.

Since 1987, Advanced Solutions has focused its business model on helping customers realize industry leading return on investment with their 2D and 3D design software. Beyond the box of software, Advanced Solutions helps customers gain a competitive advantage through innovative design software work flows, enabling customers to realize higher revenues and improve operational efficiency.

Why Should You Choose Advanced Solutions?

- **Autodesk Platinum Partner** – The Autodesk Platinum Partner designation indicates a significant investment in consulting and development services. These Partners have also demonstrated an ability to deliver the highest level of solution expertise, service, support, and customer satisfaction. Each Platinum Partner must have technical experts who focus exclusively on a single industry. Platinum Partners must also have additional sales personnel, plus marketing and training staff with recognized degrees or at least three years of relevant experience. Another requirement is that each Platinum Partner have at least one consultant with a minimum of three years of experience in software solution implementation in the industry for which Platinum Partner status has been granted.
- **Autodesk Authorized Training Center** – As an Autodesk Authorized Training Center (ATC), Advanced Solutions provides top-quality, professional training and education programs to maximize the return on your software investment.
- **Digital Prototyping Leader** – Autodesk is the industry leader in 2D and 3D design software technology. Advanced Solutions is uniquely qualified to help your team realize the power of experiencing digital designs. Deliver better solutions faster with the power to visualize, collaborate, simulate, and analyze your models.
- **Proven Capability** – In its 25 year history, Advanced Solutions has established itself as a regional leader in the industry. The Advanced Solutions name is well respected within the industry and a recognized leader in design software technology solutions.
- **Client Relationship & Expertise** – Clients buy high-end software solutions from companies and people they trust. Advanced Solutions, Inc. invests in employees that understand this concept and are skilled at their trades. The average industry experience level with the Advanced Solutions Team is over 10 years and the company continues to recruit and hire top industry talent in the sales and engineering profession.
- **Strong Local & Regional Presence** – Advanced Solutions has a strong presence in the Midwest and East and continues to invest and grow in these areas to ensure our clients receive courteous, professional and timely service. Our local presence allows your team to visit an office and participate in free events, industry-specific speaking engagements, and local user groups.
- **Professional Services** – Advanced Solutions has established itself as a leader in design software consulting and integration services. Through our in-house software development team, we have the ability to expand upon the functionality of Autodesk software solutions in response to the unique business needs and challenges of our clients.
- **Certified Support** – Advanced Solutions is one of a few Autodesk resellers that are authorized to deliver Autodesk Gold Support. This program is designed for organizations that require telephone support during normal business hours, Monday to Friday. Get toll-free access to reliable technical expertise, guaranteed response time, online tracking of support requests, and more.
