

Advanced SOLUTIONS

The Leader in 2D and 3D Design Software

About Advanced Solutions

Advanced Solutions, Inc. is a full service premier authorized value added reseller for publicly traded Autodesk, Inc. Winner of the prestigious Autodesk Partner of the Year award in 2007, Advanced Solutions is a recognized leader in implementing and supporting 2D and 3D design software solutions such as Inventor, Revit, Civil 3D and AutoCAD. Established in 1987, Advanced Solutions has grown to become one of the largest Autodesk resellers in the United States.

The Advanced Solutions mission is to develop innovative turn-key solutions that provide ROI to our clients, implement the solution in a timely and professional manner, provide industry leading training and offer ongoing clients support to ensure their success.

We strive to develop long-term client relationships through our innovative solutions, delight our clients through prompt and professional service, and seek to help our clients gain a competitive edge. Our partnerships are vital and necessary to our long-term success. We work to leverage the strengths of our partners into solutions for our clients and invest in partner relationships that share the mutual respect of putting the clients needs first.

Why Should You Choose Advanced Solutions?

- **Autodesk 2007 Channel Partner of the Year** – Advanced Solutions was selected by Autodesk as the number one world-wide channel partner. Bill Griffin, Autodesk Vice President of North American Channel Sales, said, "Advanced Solutions has earned this top award from Autodesk. The investment, business planning, effective utilization of the Autodesk resources, and doubling the size of their business in two years is impressive." Griffin also said, "Two and a half years ago Advanced Solutions was ranked 18th overall in our reseller channel. I'm proud to say today they are Number One!"
- **Digital Prototyping Leader** – Autodesk is the industry leader in 2D and 3D design software technology. Advanced Solutions is uniquely qualified to help your team quickly realize the power of experiencing digital designs. Deliver better solutions faster with the power to visualize, collaborate, simulate, and analyze your models.
- **Autodesk Authorized Training Center** – As a certified Autodesk Authorized Training Center (ATC), Advanced Solutions provides professional training and continuing education programs that meet and exceed the rigorous certification standards. Get the MOST from your software investment and go with a company that combines professional courseware, expert instructors in their field, state-of-the-art computer systems and high-resolution projectors to provide you with the highest quality training available. We encourage you to take advantage of this valuable resource and we look forward to being a part of your continuing professional development.

Advanced SOLUTIONS

The Leader in 2D and 3D Design Software

- **Client Relationship** – Clients buy high-end software solutions from companies and people they trust. Advanced Solutions, Inc. invests in employees that understand this concept and are skilled at their trades. The average industry experience level with the Advanced Solutions Team is over 10 years and the company continues to recruit and hire top industry talent in the sales and engineering profession.
- **Strong Local & Regional Presence** – Clients take confidence in purchasing solutions from a company that has a strong local presence. Advanced Solutions continues to invest and grow regionally in the Midwest and East Coast to ensure our clients receive quick, courteous, professional and timely response. Our local presence allows your team to visit our office and participate in free lunch and learns, guest speakers from your industry, and local user groups.
- **Proven Capability** – In its 20 year history, Advanced Solutions has established itself as a regional leader in the industry. The Advanced Solutions name is well respected within the industry and a recognized leader in design software technology solutions.
- **Consulting & Integration Services** – Advanced Solutions has established itself as a leader in design software consulting services. Advanced Solutions' sister company, IDS Engineering, is an Authorized Autodesk Original Equipment Manufacturer (OEM) partner. This enables us to extend the functionality of the Autodesk software solutions to match client's specific business processes and requirements. The value is the ability to go beyond a box of software to a working solution that fits your business and delivers the greatest return on investment.
- **Certified Support** – Advanced Solutions is one of a few Autodesk resellers that are authorized to deliver Autodesk GOLD Support. This program is designed for organizations that require telephone support during normal business hours, Monday to Friday. Get toll-free access to reliable technical expertise, guaranteed response time, online tracking and management of support requests, and more. Advanced Solutions provides extensive support for each of our product lines with professionals that reside and work in the United States. Whether support is provided online, over-the-phone or on-site, technical support from Advanced Solutions is affordable and flexible to meet your specific needs.
